Elizabeth	12/29/2016	5	The staff, and Dr.Sharkey are always there to take care of our pets needs. There's never any hesitation when we need an appointment. The quality of care is excellent. And Dr. Sharkey is very loving toward our pets. I couldn't ask for a better vet!! I highly recommend Montclair Animal clinic.
Lauren	12/1/2016	5	What an amazing practice! Wonderful doctor and staff. Couldn't have been a better experience. I normally don't write reviews but I want to let you guys know I couldn't stop bragging about my visit and how kind and compassionate all of you were. Thanks so much.
Ian	11/17/2016	5	Great friendly staff and the vet is absolutely fantastic with dogs. He's caring helps them adjust to a new situation and treats them in a way that works for each dog individually.
Laura/Mark	11/11/2016	5	Always the best experience at this wonderful veterinarian clinic. If you live anywhere in the area you would be doing yourself, and your beloved 4 legged family members a favor, by making this your new home for animal care. Nobody does it better!
Kristen	11/11/2016	5	The vets and vet techs at this office are incredible. Everyone is so kind and willing to explain things to you. Fantastic!
Karla	10/11/2016	5	My friends were right when they said you were good. You were soo nice to Sugar and super generous with your treats. Thank-you for caring.
Anon	11/5/2018	4	Dr. Tina did a good job with my new puppy and was patient with a lot of questions and offered good advice!
Elizabeth	11/4/2018	5	They've been my dogs vet going 3 yrs, and before that with my other dog. There always very kinda and caring with animals. Wouldn't go any where else.
Cecelia	11/4/2018	5	As always the service was great. Dr Sharkey was running behind which is not surprising as he always takes time with his patients and their people to explain everything and they had worked us in as our dog was ill. I have been taking my dogs to Montclair for years and both Dr Sharkey's have made it an even better vet clinic than it was before. I always recommend this clinic as I feel the care received is excellent and the caring from staff and doctors cannot be beaten.
Breck	11/2/2018	5	Always a wonderfully caring attitude at this clinic. We love them!
Lonnie & Joan	11/2/2018	5	I ALWAYS have a great experience when I go to the Montclair Animal Clinic. Everyone is very professional and go out of their way to help as needed.
Jennifer	11/2/2018	5	Staff is great and very knowledgeable, Dr. Sharkey is one of the best vets in the city. He always explains what's going on with your pet in language that most people can understand and genuinely cares about the wellbeing of both you and your pet.

Anon	10/31/2018	4	Great service, friendly...a bit expensive but worth it for the quality of vets.
Nancy	10/28/2018	5	Dr. Sharkey performs consistently though evaluations and always treats my dog in a very loving manner, as though she was his own. For her last appointment, he opened the office early in order to see her for gastrointestinal problems because his schedule was full.
Michelle	10/28/2018	5	Always a pleasure to deal with!
Raphael	10/27/2018	5	I'm very happy that I found such a great health care provider for Avi and Henna.
Anon	10/26/2018	5	Super.
Ruby	10/26/2018	5	Even though I came a day early Dr Sharkey took care of Stella's shots and wellness exam,clipped her nails and offered wise counseling on her weught,even though she loves her food I am going to forego treats and cut her back to half a,can for breakfast and half a can for dinner. My love for her has not been good for her health.
Crystal	10/25/2018	5	Friendly & caring. Good staff.
Anon	10/25/2018	5	Great experiece with a knowledgeable veterinarian.
Anon	10/24/2018	5	Always a great experiece with Dr. Steve Sharkey!
Lydia	10/23/2018	5	I Chose Montclair as my dogs new vet after moving to the area. I absolutely loved Dr Sharkey. I work in the field, and so he spoke to me openly and honestly, and as a colleague, when it came to my dogs health. He was incredibly thorough and treated my dog like it was his own. Strongly recommend to anyone looking for a new vet.
Mike	10/23/2018	5	As always, Dr. Sharkey provides excellent and loving care to our kitty, Cricket. As both Drs. Sharkeys have for all of our kitties over the years. His staff also gives warm and professional attention to our pets' needs. Thank you to all of you!
Babs	10/16/2018	5	We moved over here after feeling Toby was being over tested. It's been a smart move and we adore Dr. Sharkey and his love of animals. The receptionists are always kind and helpful because our other dog Ruby is dog aggressive and we wait until the lobby is clear.
Lynne	10/14/2018	5	I worked with Dr. Sharkey (the mister of the duo veterinarian team) and am so impressed. First, Dr. Sharkey's manner with your pet is really remarkable. He makes a connection like nobodies' business and my dog adored this man, no matter what was being done to him. (Still wanted to go home at the end though!!!) Additionally, it looks to me as if pricing is very transparent at this clinic and one of the few remaining reasonably-priced, especially for folks and pets without insurance.
Katherine	10/12/2018	5	Always excellent!

Ginger	10/6/2018	5	I love Dr Sharkey's matter of fact way of looking at things. It really helps cut thru the emotional upheaval when we don't know what's wrong and we're afraid it's the worst. He has a very calming bedside manner. And best of all, they are really good at fixing our babies!
JoHanna	10/5/2018	5	Very pleasant, professional with a welcome personal touch. Mollie and I will be back.
Bob	10/3/2018	5	Excellent assistance and recommendations.
Meredith	10/3/2018	5	My family have had the privilege of have the Vet assistance of "Old" Dr Naylor, "Young" Dr Naylor, Dr Sargent, and now the Dr's Sharkey. Each of the previous vets have been very careful in choosing a successor. They have done very well and I think Dr. Sargent has again. I have tried other vets and my animals have never liked them, the vets were pushy to have me spend more money, critical of how I care for my pets, and usually weren't forthcoming with information. I am very happy with the Sharky's and feel they are carrying on the excellent care of the animals and treatment of the human "parent"
Anon	9/30/2018	5	LOVE Montclair Animal Clinic!!
Nicole	9/29/2018	5	Awesome Doctor and Staff! So sweet and caring to my animals and kids! Loved it. Medication was a little pricey.
Laura	9/28/2018	5	My cats and I were seen promptly by Dr. Sharkey. His attention to my cats was excellent, and he explained to me many things about their health issues of which I was unaware. He also helped me to more clearly understand the effects of the medicines that they have been on. He was thorough and friendly, and I didn't feel rushed. I left this clinic feeling that my cats and I were well taken care of.
Eva	9/27/2018	5	The docs nd staff are excellent, very caring and loving. Been gong to Montclair Animal Clinic for over 20 years and always excellent care
Katie	9/26/2018	5	Every experience we have here is enjoyable. I appreciate everything you all do! We make sure to still come here even though we live further away now.
David & Cathy	9/24/2018	5	Always pleased with care/treatment/personal interest taken in our dogs' health!
Anon	9/16/2018	5	Dr. Sharkey was amazing with my golden retriever puppy, putting her at ease and getting kisses while he listened to her heart, looked in her ears, and completed a thorough exam. He drew labs in preparation for her spaying and the next day he called me at 6:30 PM to let me know that the labs were normal. As a physician myself, I was not expecting a call unless there was a problem so it showed me how much he cares. Would never even consider going anywhere else!

David & Jennifer	9/13/2018	5	Dr. Sharky not only cares for our two spynyx kittens but he genuinely loves them. He covers them with kisses and love after ever visit. He makes sure we have great care but is also conservative in his care. He does not create problems where there are none. If there is a problem his care is exceptional and fairly priced. We cannot give higher praise for Dr. Sharky. If you visit him you will not be disappointed. He is an incredible physician.
Charles & Mary Lisa	9/11/2018	5	We were very pleased with the service we received at Montclair Animal Clinic.
Anon	9/10/2018	5	Friendly and helpful staff and great Vet.
Christian	9/8/2018	5	Grest Service
Anon	9/7/2018	5	Extraordinarily kind and knowledgeable Doctor Steve. Super friendly staff. Fair fees. Homey environment.
Jim/Cathy	9/5/2018	5	We bring both of our dogs to Montclair Animal Clinic. We are very impressed with the caring and thorough treatment they receive. Our oldest pup was diagnosed with hip dysplasia as a puppy so we've needed extra help and referrals for specialized care. He is doing great with no symptoms at this point! The staff is extremely patient with our younger pup who is shy and frightened during her visits. We feel very fortunate to have this high quality of compassionate care for our dogs.
Shelly	9/4/2018	5	Really liked the atmosphere, the Doctor was great and put my pet at ease. If they are happy I'm happy! Also liked the approach of taking care of the situation instead of just jumping in and charging me a bunch of fees to arrive at the same result. Thank you for being cost conscience. I will be bringing all my pets here and would recommend Montclair.
Ruth	9/2/2018	5	they treat every pet as if they were there own I would not trust any one else with a pet of mine
Mary Jo	8/31/2018	5	Great service. Dr. Tina is always helpful, knowledgeable and kind to my dog and puts up with my anxiety when he is sick! Love this office and staff!

Deby & David	8/22/2018	5	Great doc & staff!
Laura	8/22/2018	5	Knowledgeable, courteous, reasonably priced & gives me a small town feel when interacting with them
Donna	8/21/2018	4	Just a delay in notification of Honey's eye drop medication is ready.
Zack	8/21/2018	5	Everyone was very positive and helpful!
Judy	8/15/2018	5	Love this clinic.
Kay	8/15/2018	5	Your practice and philosophical approach is just right for my 14year old fella. Thanks
Kem	8/15/2018	4	Quiet, small, family run business, no frills. Owners and vets Steve and Tina Sharkey actually see each patient and interact with the pet's owner(s). Parking is limited to about 3 cars off street, but is sufficient for size of clinic. Prices for services are reasonable and a printed receipt gives the details.
Anon	8/14/2018	5	Excellent as always!!!

Parker, Darrell &	7/27/2018	5	Dr Steve walks on water as far as Seer and the entire Gossett family is concerned

Morgan	7/26/2018	5	The Whole team provides great care for our pets. It is obvious they are true animal lovers and very knowledgeable, highly skilled vets They always provide comprehensive answers about treatments and are proactive without over-treating/ medicating our dogs, as we have experienced in the past.
Anon	7/26/2018	5	Dr. Sharkey did a great job cleaning Jojo's teeth. He is always gentle and caring. I recommend Montclair Animal Clinic to all my friends with dogs - or cats!
Haley	7/25/2018	5	We SO appreciate the time and attention you spent with us on our first visit. As nervous new puppy parents we had tons of questions and felt as though you showed true care and understanding for us and our new family member. You guys came recommended by several of our neighbors on Nextdoor, and we are thrilled that we listened to their advice.
Dorothy	7/24/2018	5	Great vet experience. Prompt attention. Lots of information. Very friendly staff.
Lonnie & Joan	7/21/2018	5	We always have a great experience when we visit Montclair Animal Clinic !! Very professional and very caring. We have referred friends to this clinic and they have all been very impressed.

Anon	7/19/2018	5	Ive been coming here for the last 9 years. Squishy has never seen another Vet. We love Montclair Animal Clinic. We've been with them when there was a previous owner. We love the family.
Heideh	7/18/2018	5	Dr. Steve Sharkey is the primary vet I bring my cats to. He is THE MAN! I have never had a relationship with a vet that is so supportive and helpful and wonderful as the relationship that my cats and I have with Dr Sharkey. He has helped me with so many issues, ranging from cats needing to lose weight, to senior cats dealing with kidney and thyroid problems. He is so loving and gentle with them in the office; he gives such thorough exams; and he gives you all the time that you need to ask as many questions as you have. Just the best!
Arun	7/17/2018	5	Always a great experience. Both Dr. Sharkeys and the team at Montclair are excellent. They took great care of my dog and I highly recommend them for all veterinary needs!

Jennifer	6/30/2018	5	They took care of my kitty overnight and did a fantastic job. Dr. Sharkey and his techs are wonderful and always do a fantastic job.
Nora	6/30/2018	5	I have told everyone I know who has animals or plans on getting any, that the only clinic to see and care for my animals is yours. This is after very bad and even traumatic experiences with other "top" vets. All staff are pleasant and helpful.
Daniella	6/28/2018	5	I always love how Steve and Tina say hello to Schotzi before they say hello to me. He especially likes the treats before we leave.
Carla	6/27/2018	5	I came to Montclair Animal Clinic after getting a rescue dog last May. I have been to MANY vets with this dog and others that I've had. Dr. Dave Sharkey is so good with the animals and with the pet parents, too. He gives an honest assessment of the situation and tells you what, realistically, to expect regarding your animal's condition. This clinic does not encourage unnecessary tests or procedures. I highly recommend Montclair Animal Clinic and Dr. Dave Sharkey. I know that both he and I have the best interests of my fur baby at heart. He greets her each time with love and enthusiasm.
Laura/Mark	6/27/2018	5	They really care about, and love, every animal that is in their care.
Kate	6/26/2018	5	Friendly, helpful, comfortable
Elizabeth	6/24/2018	5	Always have a great experience at the doc's place. Staff is always friendly and willing to help. And I never feel rushed Dr. Sharkey takes as much time as needed to address each issue the client has about their pet. Best Veterinary doctors office around. Wouldn't take my dog any place else.
Felicia	6/23/2018	5	We were beyond satisfied with the service that Dr. Sharkey and his staff provided. We are lucky to have found Montclair Animal Clinic; they were knowledgeable, affordable and made us and our dog feel right at home. Thank you for the wonderful customer service and genuine kindness.
Lacye	6/22/2018	5	The experience was wonderful as always. The entire staff was kind and all the information was very clear. Dr. Sharkey took his time with Elly Mae and explained all our options in detail. He took his time and answered all of our questions. We always feel like family at Montclair.

David	6/19/2018	5	The level of care is consistent and Dr. Steve always puts us at ease. Thanks!
David & Cathy	6/18/2018	5	On time, friendly, knows both dogs histories well, calming dogs during exam, good & thorough
Michelle	6/16/2018	5	Dr Steve is kind, caring and attentive to the dogs and their owners!
Carol	6/15/2018	5	Made you feel comfortable w my dog
Marty	6/14/2018	5	Great experience! The staff are kind, generous with affection and always ask questions concerning any unusual behavior etc. recommended highly!
David	6/14/2018	5	Absolutely the best veterinarian clinic in Denver. They are always attentive, professional and friendly.
Katie	6/14/2018	5	Excellent. I could've been convinced my dog needed \$400 worth of attention with an issue she's had; the vet suggested we wait and see, and not put her under anesthesia and perform the work if we didn't have to. Had lots of treats and adapted to my dog's energy. Allowed me to help with calming/restraining my dog during the examination. Answered all my questions without me feeling like I needed to wrap up and get out. Great small clinic! Finally found one in Denver. Highly recommend.
Debra	6/8/2018	5	Dr. Sharkey and Staff are wonderful. They have been my Vet since I adopted a rescue cat named Mika. Mika is very temperamental, but no match for this great Team. I don't think there is anyone else I would go to that would treat Mika like a Queen when she's having a bad day. Thank you.
Bart	6/7/2018	5	Very caring, personalized attention.
Mary	6/7/2018	5	Dr. Tina was compassionate and knowledgeable about Coco's issue and he's now feeling much better. She didn't mind answering all my questions and was exceedingly pleasant.
Andrea	6/7/2018	5	After 20 years, I recently left my vet. A friend referred me to Montclair Animal Hospital. I have been very happy with the treatment both my cat and dog have received Dr Steve and Dr Tina Sharky have both been very communicative and I get a quick response to my concerns.

David	6/7/2018	5	Thanks guys.
Guadalupe	6/7/2018	5	Our dog always receives the best care at Montclair. Dr. Steve is great with our pup and the staff is wonderful as well. I highly recommend Montclair to anyone looking for a caring, personable experience with their vet clinic.

Whitney	6/7/2018	5	We really enjoyed Montclair very much. The last vet we were going to wasn't the greatest experience and they over charge everything. Here it was a breath of fresh air. We really enjoyed that the doctor wasn't going to jump to some crazy treatment that would cost us a couple hundred bucks and it was a relief considering we have a 6 month old puppy. We enjoyed every minute of our appointment. Thank you guys so much!!!
James	5/10/2018	5	Everytime Cheyenne and I come up.You all are very nice.And make us feel very welcome.I thank you for being very patience with Cheyenne.Thank you again.Mrs.Ronica Spencer
Donna	5/9/2018	5	Honey and I always have a great experience on our annual visit with Dr. Steve.
Anon	5/8/2018	5	The staff were really friendly, nice and helpful
Jody	5/7/2018	5	I always feel Dr. Sharkey is very empathetic to the pet owner's needs , as well as, the pets. He gives good advice and allows the owner to ask questions and be a part of the pet's health care. He is also aware that pet care can be expensive and I feel the rates at the clinic reflect this. I am a very satisfied client. Thank You to the Dr. and his staff for the loving care given to my many pets throughout the years. Jody Griffith
Jesse	5/4/2018	5	As always Dr. Sharkey and his staff are excellent. He is a very down to earth, reasonable and most of all a genuine animal lover. We have a geriatric dog. He always gets down on the floor with my dog, is gentle and understanding. I've had a number of different Vets over the years for my animals and he is by far the best.
Beth	5/3/2018	5	Love Vets and they love pets. Resposible carers of our very special family members. Their staff is as good with the the pets as the vets.
Carol	5/2/2018	5	Great as always. We love you guys
Melanie	5/2/2018	5	The Drs. Sharkey are great with my pets. Would highly recommend to any friends and family.

Rusty & Frances	4/11/2018	5	great
Helen	4/11/2018	5	I'm entrusting my 12 year old Carly with a cancer history after her previous vet retired. I was impressed with the caring I saw when I took her in for her first visit.
Mary	4/4/2018	5	Great team of people. So happy this place was recommended to me. Have been going there for awhile now. Dr. Steve and Dr. Tina are great!
David	4/1/2018	5	Steve is an outstanding Veterinarian. The staff likewise are excellent.

Elizabeth	3/27/2018	5	Dr. Steve Sharkey and staff are so loving and kind to my dog, take earnest care in her health, and are friendly and helpful. And reasonably priced!
Adriana	3/25/2018	5	Dr. Steve Sharkey was really gentle during the whole examination and explained everything in detail. His assistant and other members of staff were also very nice.
Arun	3/25/2018	5	Had a great vet visit again! My dog is usually skittish at the vet but I'm convinced both Dr. Sharkeys have dog whispering abilities, which puts him fully at ease! The best part is their conservative approach to treatment. They only suggest what's absolutely needed and nothing excessive like I've seen at other places. Front desk is very friendly and it's easy to schedule and reschedule appointments. Vet techs are amazing! Overall, I fully recommend taking your furry friend to Montclair!
Carolyn	3/23/2018	5	I have always thought the service and care was very good and we were treated well. The staff and doctors are easy to work with. I usually have cats that have been strays and may or may not be easy to wrk on. You guys are good with unpredictable pets that may not have had very good experiences with strangers.
Anon	3/21/2018	5	I provide Dr. Steve with an unusual request, he was able to help making it possible to get my big kitty to his office for s much needed check-up. The receptionist the day i stopped by was great, so helpful, very professional. Great clinic.

Lindsay	3/5/2018	5	Another wonderful visit to Montclair Animal Clinic, for my dog's annual wellness exam and booster shots.
Nancy	3/3/2018	5	Dr. Sharkey is caring, thorough, and efficient.
Brian	3/3/2018	5	Dr. Steve was thorough and gave me the time to answer all of my questions. He provided useful information on a variety of treatment options and never seemed like he was pushing for the most profitable course of treatment. The fees are reasonable, and my dog is already feeling better.
Morgan	3/1/2018	5	Friendly personal vets who care about my dog & provide great suggestions and advice as well as medical care

Christine	3/1/2018	4	This seems to be a very good clinic. Tobie, my yellow lab was treated well by the whole staff. The only slightly negative thing was about the price of the medication. I would have preferred that we had discussed the price, which comes out to about 200.00 a month which is not something I can afford on an ongoing basis. In the future perhaps we can discuss various alternative medication.
Anon	2/28/2018	5	Great job as always
Bobbe	2/28/2018	5	Staff is friendly and accessible

Elizabeth	2/24/2018	5	As always Dr.Sharkey's office never disappoints! His staff is excellent courteous and polite, and very friendly with my dog.

Anon	2/20/2018	5	Barclay had a new kitty check up and it was quick easy and informative.
James	2/18/2018	5	Archer is a rescue with a lot of anxiety. Dr. Steve was about as nice as could be, even though Archer wouldn't let him take his blood for testing. I appreciate you being so accommodating and understanding...

Laura	11/25/2017	5	It's only our first visit. A friend recommended this clinic. It took only a couple of days to get an appointment. Dr. Steve is very personable and explains everything in "lay" terms. He was super sweet with our cat Patches. I think we found our new permanent vet for all our three creatures. I like the simplicity of the practice. You immediately get the feeling you won't get overcharged or be told to do unnecessary tests just to be able to pay for expensive decor or furniture.
Anon	11/18/2017	5	Professional, friendly and good with pets and their humans.

Connie	11/15/2017	5	The staff were very polite, caring and professional. They listen to my concerns and left me feel I was heard.

Dr. Steve Sharkey took his time and care to attend to our injured dog and treated him with love and gentle care. We appreciate Montclair for their expertise, willingness to educate us as pet caregivers, and loving nature to all who come through the door.

Suzanne	10/17/2017	5	I was very happp with my visit to Montclair Animal clinic. I thought the clinic was very clean and orderly, every one was very nice and helpful. The most important thing is that the information given to me regarding Bella, was honest and in her best medical interest, and that is what makes me feel that you care about her. I look forward to coming there. Thank you! Suzanne Harding.
Bart	10/14/2017	5	I appreciate the personalized attention & caring by Dr. Sharkey & his staff to my cat & to myself.
Crystal	10/13/2017	5	Always friendly, caring & helpful.
Vanessa	10/9/2017	5	This was my first visit to Montclair Animal Clinic. My cat is 15 and she has been with the same vet for her entire life until now. Dr. Sharkey and his staff were absolutely wonderful with her. We got in at our appointment time and were done in half an hour, which was amazing because I'm used to waiting until past my appointment time and then waiting more in the exam room (usually taking an hour or more). Dr. Sharkey even called me himself to discuss the results of her bloodwork rather than having one of his staff call me like I'm used to, which allowed me to ask questions and get responses all in one call. I'm so glad to have chosen this clinic in my new neighborhood!
Ruby	10/5/2017	5	It was outstanding dr Sharkey found a chip and found her DOB 10-4-2013 gave an excuse to go buy birthday toys. Also I registered her to be boarded while I am out of town. Stella liked it so well she was trying to get into her carrier at 10:30pm. She had to have wanted to go back there as I have never had her in her carrier and taken her anyplace.
Anon	10/5/2017	5	They are absolutely awesome with cats!
James	10/3/2017	5	Always the best, most caring, and thoughtful; never pushing unnecessary tests or procedures. I wish they could be MY doctors!

Anon	9/29/2017	5	Excellent care and advice for my cats. Thanks.

Mary	9/26/2017	5	At the end of the day, I sent my husband to pick up our dog's cancer medication. He got to the clinic late and they had already closed, but he decided to knock on the door anyhow. The staff answered so we were able to pick up CoCo's medication anyhow. We can always count on Montclair!
Lynn	9/22/2017	5	Dr. Sharkey was great -- really wonderful with my dog and a straight shooter when it comes to discussing what's needed for care. Highly recommend.
Judy	9/21/2017	5	The staff was wonderful..... I truly enjoyed meeting Dr. Sharkey and was amazed at how loving he was to my new kitten, Schuster, as well as the concern he expressed for my Simon cat.
Patricia	9/16/2017	5	Thorough examination. Extreme patience with pets. Pet care tips.
Carla	9/15/2017	5	This was my first visit to the Montclair Animal Clinic. I wish I'd known about them years ago. I have a rescue bull terrier who has a multitude of skin problems. I have had her since May and have made numerous vet visits and spent a lot of money. I finally decided to get a vet that was near my home and decided to try Montclair Animal after seeing nothing but 5 star reviews on numerous sites. I am sooo glad to have found a place where we are both appreciated and the people show such compassion. Thank you, Dr. Sharkey and staff. After one visit I know I will never go anywhere else.
Arun	9/14/2017	5	I decided to give them a try after seeing great reviews on google and I agree with everyone else, they are the best and are priced reasonably. My dog is usually skittish at the vet, but was very comfortable here. That pretty much speaks volumes on how good they are. The doctor spent a good amount of time explaining the exam and answered all of my questions and provided great, valuable suggestions. I've already recommended this clinic to one of my friends and I'll happily recommend for anyone looking for veterinary care for their pet.
Janet	9/12/2017	5	As usual with Montclair Animal Clinic, we had an excellent experience this week getting Maisie spayed. We got a call after the surgery telling us she had done very well. When we picked her up we got thorough instructions for aftercare with a printed list of instructions to take home. She was untraumatized by the experience, even though it wasn't very fun! It was very reasonably priced & they really care about our pets.

Ricardo	9/12/2017	5	Dr. Sharkey is always very caring. He treats my dog like it is his own.
Eric & Sasha	9/12/2017	5	As always Dr. Sharkey and the amazing staff at Montclair Animal Clinic provided the best care for our dogs ! Thank you and keep up the good work!!

Ann	9/6/2017	5	Friendly staff. The doctor knows how to put my dog at ease. He's very loving, caring, and knowledgeable.
Dan & Nadia	8/12/2017	5	I was moved to have found such kindness here beyond providing loving care for our pet. Certainly Dr. Sharkey is a highly knowledgeable veterinarian, but his ability to provide compassionate care for the pets as well as a genuine warmth and sensitivity with pet owners who care deeply about their furry family members distinguishes him from other pet care providers. We are unwaveringly loyal to the Montclair Animal Clinic.

Heideh	7/13/2017	5	I like the small office setting, where I receive personal attention from the entire staff. Wait times to be seen are short and the staff are efficient and caring. I have already recommended this clinic to two cat owners.
Lindsay	7/12/2017	5	Another positive visit with Dr. Sharkey & Tammy. They are both great with my high-energy, reactive dog. Since my dog isn't great with other animals, I appreciate that the Montclair team gets us in an exam room quickly.

Sabrina	6/28/2017	5	Love Dr. Sharkey and staff!!
Barbara	6/27/2017	5	As the mom of three kitties over a number of years even before the Dr's Sharkey were here, I have always been very happy with the care. Both docs are very caring and knowledgeable. I will continue going to them with my current kitty and any future adoptees. Would recommend Montclair to any animal lover.
Mary	6/25/2017	5	While we did get bad news about our dog, Dr. Sharkey was very compassionate and I feel like he really cared about us and our pup. He did not try to persaude us to do anything one way or the other. We know that we're well advised and that he will do the best he can for us. We are also so apprecitive that Montclair's prices are affordable as we have a number of pets (we've taken in a few) and before we found the Sharkey's we were having trouble providing their care.

Douglas	6/15/2017	5	Very good place to bring your pet. I had an extremely positive experience and the Muzz is doing better.
Lisa	6/14/2017	5	Excellent care and follow up, great communication as always.
Cris	6/13/2017	5	I just went in to pick up some probiotics for Jojo. I wasn't there for more than a minute or two. I appreciate how quickly they got me in and out.
Cory	6/13/2017	5	Great service by staff and doctor. I was very pleased that they kept my cat to get some urine from her rather than just randomly giving her antibiotics. She did not need them, so pleased they took the time to thoroughly evaluate her.
Sara	6/9/2017	5	Friendly and professional staff; knowledgeable vet. Very good with our dogs.
Jesse	6/9/2017	4	the staff was friendly and laid back. Dr Sharkey was extremely thorough in his exam and asked lots of questions. He comforted and talked to both of my dogs like I would and only a true dog lover would. The clinic is not shiny and new but this matters not. Wish I would of started coming here when my dogs were younger.

Anon	4/13/2017	5	Dr Sharkey (both, I mean pick one and you made a great decision) are both so great with the my chihuahuas, which is not easy task considering one is a biter. They are both very thorough and take the time to listen to any concerns and address them appropriately. I come all the way from Littleton to take my fur babies here, because not only are the wonderful vets with wonderful assistants but they also are reasonably priced and scheduling is so easy. Love you guys, keep up the great work!
Heideh	4/11/2017	5	Dr. Tina Sharkey took a lot of time to talk to me about my cat's weight and gave me lots of ideas and advice on helping her to lose weight. She also gave me a sample pack of prescription cat food for my other (senior) cats to try, to support their renal health. Appreciated that so much.

Bev	3/30/2017	4	We have used Montclair and feel that they care about our pets and give good, solid advice.
Kathryn	3/27/2017	5	Dr. Sharkey is the best! We have a loving little jack russell rescue who HATES the vet, and a few other things :) Many years ago, another vet told us to put him down after he bit a family member. We felt strongly that there must be a way to rehabilitate him, and we found Dr. Sharkey. Dr. Sharkey recommended a new trainer, worked with some medication, and worked with us as pet owners to give us a realistic perspective. It's been a few years, and Peanut has overcome most of his fears. He still loathes the vet, but Dr. Sharkey is patient and understanding. Peanut gets his shots, and we get him out of there!
Marsha	3/24/2017	5	We had a last minute need for our dog and the staff at Montclair took care of it in a friendly efficient manner. Dr. Sharkey took a few minutes to visit as well.
Collette	3/23/2017	5	Dr Tina Sharkey and her lovely team were wonderful with my timid kitten. I knew right away that she was in good hands and that we had found our clinic. Their prices are very reasonable as well.
Mike	3/21/2017	5	It was just a nail clipping for our cat, Cricket, but since she is still learning how to be in a non-abusive family, she would have been spooked for days if we had tried to clip her nails at home. And the cost was negligible.
Ben/Emily	3/17/2017	5	Everyone is so friendly and willing to answer all the questions I have. Feel very good about choosing them as the caregivers for our furry friend.
Toni	3/16/2017	5	Friendly, quick visit.
Dwana	3/14/2017	5	I am glad that I found Montclair, every time I have to bring my dog in I feel very confident that he is going to receive top notch care.

Kathleen	3/13/2017	5	We love Montclair Animal Clinic and even though we moved across town, this will remain our only choice for veterinary care. Both Dr. Sharkey's are excellent- top notch medical professionals who truly care about their furry patients. We strongly recommend Montclair Animal Clinic to anyone seeking a vet and couldn't be happier with the level of care (or the reasonable cost of care!) provided here.
Carlos	3/12/2017	5	Dr Steve Sharky was very helpful and explained everything to me. The staff was also very friendly and helpful as well. I will definety keep coming back as well as recommending this place to other pet owners.
Michael	3/10/2017	5	I absolutely love this Clinic. Keep up the great work and care you all provide for my dog Vinnie and all the others pets that come for their needs.
Anon	3/9/2017	5	Treated myself, my pet, and the other clients at the clinic with a lot of care. The doctor and staff were great with the animal. He was gentle, and always trying to soothe the pet. During and after the appointment he provided a ton of great advice. A true professional, and exactly the kind of care you would want for your pet/family. 10/10 Would recommend anyone bring their pets here.
Tim	3/8/2017	5	caring, friendly and knowledgeable!
Jane & Kevin	3/7/2017	5	I love Montclair Animal Clinic! They have always been wonderful with our dogs. They are very knowledgeable and caring.
Kevin	3/3/2017	5	Always a positive experience!
Raul	3/1/2017	5	Awesome! Fantastic service and great people.
Lori	2/26/2017	5	The best vet group I have ever used
Kevin	2/25/2017	5	The staff here are amazing. We took our cat in and after several days of hospital care, we took him home fearing the worst. Because of the great care provided by Dr. Steve Sharkey and his staff, Ole is thriving today. Thank you so much for all that you do!
Alison	2/24/2017	5	helpful and friendly! Feels like family.
Anon	2/22/2017	5	Friendly and efficent staff.
Lindsay	2/20/2017	5	I think there was a typo in my first review. I believe I may have gotten Dr. Cristina Sharkey's name wrong! Sorry and please feel free to edit! Thanks, Lindsay Cammel

Lindsay	2/20/2017	5	As usual, I had a great experience taking my dog to see Dr. Steve Sharkey, and stellar team at Montclair Animal Clinic- Tammy, Erica, and Ashley. They are gentle and caring toward my dog when giving her shots, a physical, and this time, an ear-cleaning demo. I also love that they lavish her with pets and treats! In addition to the wonderful clinic visits, I appreciate that they consulted with me over the phone when my dog had a post-Thanksgiving turkey carcass eating incident. Dr. Erica Sharley reduced my state of panic and advised me on what to do in the short term. Luckily that was enough and no visit to their clinic was required. Lastly, I feel the pricing at Montclair Animal Clinic is reasonable and fair. It is truly a pleasure to take my dog there for her appointments and I am glad to have a vet team I can trust.
Anon	2/15/2017	5	We had a very positive first experience! My puppy didn't want to leave!
Crystal	2/15/2017	5	Very nice, helpful & caring people. Good experience the whole visit.
Ronnie	2/15/2017	5	All the staff was friendly and professional
Joe	2/10/2017	5	Everyone there treats us like family. It is like Regan and Nolie have been adopted and the doctors are treating their own children!
Anon	2/8/2017	4	I visited MAC for the first time with my dog. The staff was friendly and attentive and Dr. Christina was great with my older lab. Dr. Christina's recommended treatments were reasonable and I did not have the feeling I was being "up-sold" as it sometimes feels elsewhere. Prices were very reasonable for the doctor's time.
James & Patricia	2/8/2017	5	As always, Dr. Tina showed concern and attention to our cat. I did not feel rushed, plenty of time to ask questions.
Kelie	2/8/2017	5	Dr. Sharky is very kind to animals and sensitive to owner's concerns.
Jeannie	2/7/2017	5	Always a great experience no matter what the animal is going through. The Sharkeys are great vets and really care about each animal.
Judy	2/5/2017	5	Excellent service. Friendly staff. Dr. Was knowledgeable and patient with all my questions.
Nancy	2/4/2017	5	Veterinarians and staff are all very gentle and kind with their clients, both pet and human.
Anon	2/3/2017	5	My cats love Dr. Sharkey and he loves them. Dr. Sharkey is excellent with the animals. He is a very caring veterinarian. Thank you.

Stewart	2/2/2017	5	Dr Sharkey truly demonstrated his compassion for his patients by the way he came out to the waiting area and greeted Zeva and Peggy; held and comforted them before their exam and shots. It was impressive during the exam how thorough yet gentle; talking to the dogs comforting them the entire time. Dr Sharkey was meticulous with questions about their activity, eating, and behavior around people and other dogs. Best of all, his fees are fair and reasonable.
Maggie	2/1/2017	5	This fine group of dedicated people are just the best!
Anon	1/31/2017	4	Had to bring my dog in for an emergency procedure. It was over quick and fast. The clinic has changed a lot since when I first started going there. It's a bit less professional but they are efficient.
Debra	1/31/2017	5	We have been bringing our pets to Montclair over 20 years. Our experience w/ Montclair has always been superb. Very compassionate and loving. I always feel like our pets are well taken care of. I recommend them to everyone.
Maggie	1/29/2017	5	Dr. Sharkey is amazing and Peter (and the dogs) have never had better vets.
Ann	1/28/2017	5	The staff knows my dog. Had his meds ready to go. I mentioned that he needed a nail clip and they took us right away. Great service.
Lisa	1/27/2017	5	Always good care
Martha	1/27/2017	5	the entire staff has become family for me and Sophie. I can't praise them enough. They really care, take time to explain things, and my observation is that all of their patients agree with my assessment.
Melanie	1/26/2017	5	Great Dr. and staff!
David	1/22/2017	5	I've been to Montclair Animal Clinic several times over the last few years, twice most recently with my new cat. He's a great cat, but he doesn't like being tricked into getting trapped in a box and subsequently poked and prodded at the vet's office by strangers. On this most recent visit my cat bit/scratched one of the techs. He was being a real jerk, and I feel terrible about it. Even still, the entire staff was professional and kind to my cat. They were nice to me and they took care of my ornery cat.
Robert	1/19/2017	5	Staff actually remembers me and my pets. Everyone is very friendly and it's not a giant corporate operation like you see around so much. Always received compassion and great care. Only problem: because they do such a good job, they are crazy busy.
Donna	1/19/2017	5	AWWWSOME experience. As always.

Anon	1/18/2017	5	Friendly, Professional and Caring. An excellent visit and experience for both Marley and Me. Not only was I impressed with Dr. Sharkey's careful and thorough examination of Marley, but also grateful for his explanations and suggestions to help maintain Marley's good health (and disposition!). Please give Pumpkin an extra pat for us.

Silvia	1/13/2017	5	The staff are professional and friendly. Dr Sharkey is the the best he is compassionate and has a gentle spirit. God bless!!!
Helen	1/13/2017	5	Excellent. All the staff are friendly and knowledgeable. Steve and Tina Sharkey the vets are clearly competent and know what they are doing. They both have. A good rapport my pets. I have been using this practice for 9 years and will continue to do so as long as I have dogs and cats.
Diane	1/12/2017	5	Staff displayed professional and friendly behavior
Patricia	1/11/2017	5	Both the doctors and assistants are helpful, friendly and knowledgeable! I wouldn't want to go anywhere else. :)
Jennifer	1/8/2017	5	Dr. Steve Sharkey is always very attentive and kind with my German Shepard, Rocky. Rocky loves going to the vet even if it means vaccines or medicine. I know I am receiving the best care when I go to Dr. Sharkey and that my dog is in good hands. In my opinion, Dr. Sharkey is the best vet in town.
Debra	1/8/2017	5	Always convenient and wonderful people.
Jamie/Jon	1/3/2017	5	I've never experienced a more kind, caring, and compassionate clinic. Recommend to all my friends and family.
Elena	1/3/2017	5	Everyone at Montclair is always super friendly and professional. Our dog is very, very scared at the vet's and they always go the extra mile to try and put him at ease. Not to mention, the care is outstanding!
Cindy	1/3/2017	5	As always, I know that Henry is in good hands with Dr. Sharkey and all the staff. I especially appreciated the detailed home-care instructions handout after his surgery, and that Susan took the time to make sure I understood everything.
Nancy	12/29/2016	5	Montclair Animal Clinic has always provided great care to my four legged fury babies. I would not hesitate to recommend them to anyone.
Michael	12/29/2016	5	Dr. Sharkey and the staff were very attentive and sensitive to our dogs when we came in. We had been going to another vet who didn't show as much concern or knowledge as Dr. Sharkey. The practice is for the pets, not for \$. My family and I highly recommend this practice with no reservations!

Julie	12/27/2016	5	The people who work there are friendly and knowledgeable I literally can not provide one single suggestion for improvement!
Elizabeth	12/23/2016	5	Thank you so much for being caring, considerate and squeezing Margaret into a tight holiday schedule. Margaret's paw looks much better!

Paul And Teresa	12/21/2016	5	Dr. Sharkey and his staff always take excellent care of our pets! You can tell they all truly care about animals and I would recommend them to everyone I know.
Anon	12/18/2016	5	Dr Sharkey was great in discussing potential issues with petals-very knowledgeable and caring.
Nadege	12/8/2016	5	Everyone was so friendly and welcoming! No one made me feel like my 100 questions were silly, either, which is so nice as a new pet parent.
James	11/29/2016	5	Owe gad a wonderful experience. All of the staff were friendly and professional. Dr Sharkey was great with Ellie and snswered all our questions.
Victoria	11/29/2016	5	very pleasant my time with the Doc was not rushed she took her time to explain and answer any questions we had receptionist and all staff there were very friendly, upfront with the cost of procedures I was very pleased with the apt just down to earth people

Laura	11/24/2016	5	Always very attentive, almost as if Vinnie is their only patient!!!
Jane & Kevin	11/23/2016	5	The Veterinarians (both Dr Sharkey's) Techs, and office personnel have always been wonderful at Montclair Animal Clinic. They treat our furry babies like their own. Dr. Steve Sharkey calls us himself with test results. He also wasn't too busy to talk with my husband (on a separate call) to explain what was going on with our Aussie and our options. I love that level of service and care!! They truly understand what out animals mean to us. We have been going there for about 8 years now and I highly recommend them to anyone looking for a great Veterinarian!!!
Toni	11/22/2016	5	Great job! On time with the appointment and my dog was given wonderful care.
Joel	11/20/2016	5	We are so glad we found the Montclair Animal Clinic, our puppy had not been feeling so well and we decided to take him here without an appointment and they were able to fit us in right away. Everyone was so friendly and you can truly see how much they cared for our puppy. We will definetly be coming back and we highly recommend Montclair Animal Clinic to everyone.
Rachel	11/19/2016	5	Very friendly and dedicated to guide pet parents in the right direction regarding the care of our kitties :)

Ryan	11/9/2016	5	Great job, everyone was kind and professional and made me and my kitty feel comfortable. I'm happy to have found such a great vet so close to my home and I plan on bringing all of my cats here for regular care.
Cris	11/9/2016	5	I was very pleased with my visit. Everyone was very nice and they were great at dealing with Jojo, who does NOT like people touching him. I'm afraid he's a difficult patient. We'll be back at the end of the month for dental surgery. I'm very nervous about that, but I know he'll get good care.
Niku	11/9/2016	5	The entire Montclair animal clinic staff did an amazing job with my puppy, Jeffery. He was a little scared but they made home feel at home and gave him the special help he needed.
Kristin	11/5/2016	5	I always leave feeling that our dog has been well taken care of and all my questions have been answered.
Sharayah	11/4/2016	5	The vet and staff we're very VERY friendly, respectful, understanding, and told us step by step what they were doing and what should be done or what they will be doing. I love the Montclair Animal Clinic and we have started bringing all our animals here. We have three dogs and a cat. And GREAT affordable prices! I'm highly recommending this clinic to my family and friends that are in the area.
Kelly	11/2/2016	5	I have been to many vet clinics over the years, but this one far exceeds all others. Not only are the vets knowledgeable and friendly, so are all of the members of the staff in which I have encountered! They seem to have a happy/friendly work environment that spills over to the way in which they treat their clients; this is incredible! Each time I have visited, I feel like I am a guest in someone's home. Montclair Animal Clinic has created a great environment for your pets to receive care. Kudos!
Kaela	10/27/2016	5	Absolutely amazing every time I go. Everyone always makes me feel at home. They always make you and your pets feel like you are the only ones in the world! It's an awesome experience. Always so down to earth and I know my babies are in good hands when I go.
Anon	10/27/2016	5	We loved this clinic! Everyone was so nice to my kids and pets.
Alison	10/25/2016	5	Always friendly and helpful!
Joe	10/23/2016	5	Always a great experience you guys ate awesome!
Gene	10/19/2016	5	IT WAS A WONDERFUL,STRESS FREE EXPERIENCE. I LOOK FORWARD TO MEETING OTHERS ON THE STAFF. YOU CERTAINLY LIVED UP TO EXCELLENT RECOMMENDATIONS MADE BY MY DAUGHTER, SHARON, AND JOAN H.-----THANK YOU FOR YOUR CONSIDERATION---GENE MINZER

Penni	10/19/2016	5	We have been bringing our dogs here for quite a while now (everything from vaccinations to serious illness), and have had a good experience every time, even when the news was bad. I think their rates are reasonable and the service is great. Our dogs happily go inside when we get there, and get loved on by the staff and vets.
Jeff	10/18/2016	5	The staff are wonderful in their interaction with Misha. She is not the easiest animal to deal with but they are so loving and gentle with her. We are so thankful to have you take care of her!
Chris	10/14/2016	5	The staff as always were excellent and gave my cat individualized, thorough care.
Anon	10/13/2016	5	The appointment was on time and professional; hard to ask for much else for a first visit!
Katie	10/12/2016	4	I really liked the staff but both of my cats had allergic reactions to their vaccines and I had to take them to the emergency vet at 1:00 in the morning. I'm not sure if that means it was just a bad batch or what seeing as they've never had reactions before. Otherwise, as I said I liked the staff.
Patricia	10/9/2016	5	The vets and the vet techs are helpful, kind and efficient. They listen to your concerns and provide helpful ideas and thoughts in response to your questions. They were really really sweet with my dog, who is always anxious about going to the vet. I would recommend them to anyone!
Brett	10/8/2016	5	The level of care and professionalism provided is excellent. They made Keeper and myself feel as the most important clients every time we are there!
Anon	10/7/2016	5	We couldn't be happier with the care our dog has received from Dr. Sharkey. When seeing other vets, she is anxious and difficult to work with; however, she is comfortable around Dr. Sharkey making the examination less stressful for all of us! Dr. Sharkey is very thorough in his approach, but also uses common sense and does not overprescribe tests to treat unlikely problems, as we have seen in the past. The staff is wonderful, too! Lastly, the cost is very reasonable and I never feel like they are charging me unnecessarily for any services.
Benjamin	9/30/2016	5	Hey treated my dog with kindness and compassion. Very knowledgable and professional staff. I had a great exper be and I deeply appreciate the staff for their tremendous support and help. I have never been disappointed with the service that I have received from the Montclair Animal Clinic. Every time I call and make an appointment they are quick to accommodate me and get me in there as soon as possible. The staff is extremely friendly and dr. Sharkey comes out and greets each and every client and is very loving to each animal dog or cat.
Elizabeth	9/29/2016	5	

Mary	9/29/2016	5	Took my dog in to have teeth cleaned and a few teeth pulled and several lumps removed. Dr. Sharkey did both at the same time since he had to put him under. Before removing the lumps, Dr. Sharkey called to ensure that it was okay - told me which ones he wanted to take out. It's been about ten days and dog is doing great. Prior to this, Dr. Sharkey diagnosed dog as hypothyroid, and put him on medicine. It's been a miraculous change to see our dog go from overweight and sluggish to fit and perky. We just thought he was getting fat and old like the rest of us.
Fanni	9/25/2016	5	Awesome!!! As always! Dr. Sharkey was attentive and immediate in his responses and communication in relation to our kitty's health issue. He promptly called with blood work results and his suggestions were indispensable.
Lindsay	9/23/2016	5	Friendly, helpful, knowledgeable staff. Dr. Steve Sharkey is patient and kind to my large, high-energy, reactive dog.

Anon	9/17/2016	5	Always great friendly service! Love this place and the staff!
Sheri	9/17/2016	5	LOVE all y'all. And so do our fur kids. We are so glad that you're close by and you've helped Jack, Elphie, and Zum out of some tight spots.
Edgar B.	9/17/2016	5	great staff and great doctor my dachshund finally warmed up after her exam but I think she pleased. therefore I am.
Anon	9/16/2016	5	Great clinic. The doctors really care about our dog and always take the time to listen to our concerns. Their rates are very reasonable and they never try to push any treatment or medicine that isn't truly needed. Love this place and the people that work there!
Terri	9/16/2016	5	Dr. Sharkey and staff are amazing. They always get us in quickly, are reasonably priced, very personable, and clearly knowledgeable. We have 3 dogs and also foster, and they have been great with all of them. It's nice to have such a wonderful neighborhood vet, we feel very lucky to have them close.
Judy	9/14/2016	5	Very friendly and professional. Took time to answer questions. The receptionist was also very pleasant and helpful. Everyone took great effort to see that Sandy was comfortable with the staff.

James	9/13/2016	5	I love that our doctors really love our animals as much as we do. They provide the highest level of care, at such reasonable prices I feel somewhat guilty, honestly. We are so grateful to have this team so close to home.
Bill	9/12/2016	5	Our experience was very good. We were helped right away and the employee was very friendly.
Allison	9/7/2016	5	Always amazing! Everyone is so knowledgeable and helpful.

Anon	8/28/2016	5	Great doctor, and great staff
Juliette	8/27/2016	5	They provided sincere, gentle and urgent care to our dying cat and now she is recovering!
Sandra	8/24/2016	5	I was struck by how everyone cared about Peanut and his well being. Also extremely competent and thorough. Montclair is the only place for Peanut's care.
Sue	8/24/2016	5	Dr. Steve knows his stuff and doesn't do unnecessary treatments. I have been taking my animals there for years. Every time I have been there Dr. Steve is friendly and professional. You can tell he really cares about your pets.
Alexandra	8/24/2016	5	They were so patient with my puppy even though she was being dramatic about having her eye looked at. I appreciated how much they did to make sure she felt comfortable.
Lisa	8/21/2016	5	We've taken our pets to Montclair Animal Clinic since I was a little girl, first under Dr. Sargeant, and now under Dr. Sharkey. I think I counted about 23 pets we've taken there. I wasn't sure anyone could fill Dr. Sargeant's shoes after he retired, but Dr. Sharkey has that same personal and caring manner. Small practice, personal service. Front office staff, techs and Dr. Sharkey are all GREAT. Clean, comfortable waiting area. Very reasonably priced. Couldn't be happier.
Michelle	8/21/2016	5	Excellent service, took me early. You can tell Dr Steve cares about your pet!
David	8/20/2016	5	Always confident in the care from Dr. Sharkey and his team. The only clinic that we have ever used in Denver and we are so happy the quality care continues even after the veterinarians have changed.
Paul/Diana	8/18/2016	5	Always professional, caring, sympathetic and kind
Raechel	8/17/2016	5	Everybody was very friendly, even the other customers in the waiting room! They did just what I asked, without trying to upsell me on everything like the big corporate run chain places. I'm so happy to have found a new vet for my little man so close to where I live!

Litha	8/17/2016	5	Both Dr. Sharkey's and their staff are wonderful to work with. I brought my mini Aussie in when he was very sick. They took good care of him and they understood how important he is to me. My concerns were heard and addressed. My dog is doing great now! I am delighted to have finally found a caring, professional vet office that offers great care with reasonable prices.
Lori	8/12/2016	5	The staff at Montclair is by far the most skilled, professional, understanding and caring I've ever witnessed! I'm not sure my family would have gotten through our huge puppy's first year-and-a-half of life without them. LUV them!
Colleen	8/11/2016	5	We love Dr. Sharkey. He is always so great with our dog, Charlie. It is so nice to take our little buddy to a Vet that actually cares. It really shows in his work. Thank you, Montclair Animal Clinic!
Elizabeth	8/11/2016	5	I am more than satisfied with my visit for my cat, Todd. I was very concerned about his summer weight loss and admittedly was being, perhaps, a tad overreactive. I am pleased to say Dr. Sharkey and his entire staff never once projected that on to Todd's visit. Dr. Sharkey spent 30+ minutes examining Todd and speaking with me accessing Todd's condition and going over a plan. He also did not order "unnecessary" tests or push a feeding agenda with the products he carries. I would not hesitate, whatsoever, in recommending Montclair Animal Clinic.
Lisa	8/9/2016	5	Since i have been going to Montclair I havent been any place else (except for one after hours emergency). They are always my choice. I love the Drs and all of the staff Ive met there. They are all so good with my cats and with me, very caring and compassionate, professional and friendly, just great people all around. They are my vet clinic and will continue to be, Id say my cats agree.
Anon	8/8/2016	5	The staff here is friendly and efficient. My dog is always happy to visit the clinic and I have great confidence in them. I have recommended Montclair Animal Clinic to other dog owners.
Nicole	8/6/2016	5	My dog Botz is a new patient. Dr. Sharkey and his staff took the time to see him same day and we're so kind, gentle and sincere with Botz. My dogs are in safe hands and I will highly recommend them to all my friends and family. Thank you!
Anon	7/31/2016	5	Office and staff are very professional. Totally pleased with Dr. Sharkey and his exam of Chi Chi. Also enjoyed the interaction between him and his young volunteer "assistant." It's a very warm, caring atmosphere. Thanks, -ew
Anon	7/30/2016	5	Great service and reasonable prices
Sharla	7/29/2016	5	Dr. Sharkey truly cares about the animals. My cats love him!
James & Patricia	7/26/2016	5	Pleased by Dr. Tina's understanding of our nervous dog and relieved to have her receive her shots for another year.

Meghan	7/23/2016	5	I was referred to Montclair Animal Clinic by a coworker of mine and I was very impressed with all the staff I interacted with during our visit. The vet was incredibly kind to my dog and my fiancée. I will definitely be coming back and I plan on making your vet clinic my home for all my animals' care. Thank you!
Kelci	7/22/2016	5	Everyone was very helpful and answered all of my questions! It was easy to get things done and have both of my dogs in and out in an hour!
Peggy	7/20/2016	5	Excellent Vet. Very attentive and kind to my dog. Thorough in explaining and understanding of my concerns. Front offices and other personnel very friendly and patient. I highly recommend Montclair Animal Clinic.
Pat	7/20/2016	5	It. Took 3 other Vets to come here. I know this location from 35 years ago. I would highly recommend these folks one of the best Veterinarians in Denver. They CARE! Not just the money.
Orpah	7/20/2016	5	Perfect from start to finish. Everyone being so nice is just icing on the cake.
Anon	7/18/2016	5	Dr Steve listened to what was going on and recommended protection from some of the wild animals near our home. I did not know this was an issue, now I am informed and appreciate the interest in what we do. Very good visit, answered all my questions and kept an eye on her overall health! Great job!
Jesse	7/16/2016	5	They are wonderful. My animals home away from home. Been going there for 7 years.
Katja	7/15/2016	5	I love this animal clinic. They were happy to see my cat on short notice and took care of the problem right there and then. And he was back to his old self :) They are just good people!
Joe	7/15/2016	5	This place is really great.
Elaine	7/13/2016	5	Each person at Montclair Animal Clinic is informed, caring and provides outstanding service to my canine family member and to me.

Anna	7/9/2016	5	Everyone at Montclair is very friendly, warm and welcoming.
Marsha	7/8/2016	5	As usual a great experience. Dr. Sharkey and staff were helpful and pleasant. We appreciated Dr. Sharkey's thoughtfulness in delaying the surgery.

David	6/12/2016	5	Always excellent. I'm a client for life! I always recommend you to my friends.

Terese	6/10/2016	5	Mellow had a canine tooth removed which was very intense involving a cut into the gum, removing some bone & making a flap to close the hole. Dr Sharkey called me as soon as it was over to let me know all was well. I couldn't pick him up for a couple more hours but it was a relief to know he did well!! He came home pain free, feeling very well, ready to socialize with out other pets & is healing nicely!
Erin	6/8/2016	5	Always helpful and kind!
Darnell	6/7/2016	5	Everyone was friendly and knowledgeable. We were seen quickly. They took special care to make my dog comfortable and relaxed as she received her exam and shots.
Lucy	6/4/2016	5	Very thorough and PATIENT. I have a "difficult" cat, but we were able to get him seen and checked out with relative ease. Questions about weight and other health concerns are always answered for both cats.

Matt	5/22/2016	5	We love Dr. Sharkey and his team! The staff is always so welcoming and Dr. Sharkey treats our dogs like they are his own. He is so kind and truly cares. We have recommended them to friends and family and they all agree this is a great office. Thank you Montclair Animal Clinic!
Litha	5/19/2016	5	I came here after a very bad experience at another vet clinic. Both Dr. Sharkey's were attentive to my mini Aussie and to my questions and concerns. I am a devoted pet parent and ask lots of questions so I can take better care of my little guy. Their responses to myself and my dog were wonderful and professional.
Matt	5/18/2016	5	Great overall experience! They got us in right on time and Dr. Tina Sharkey was very thorough with her assessment and offered great advice for having cats have feeding times to aide with weight management. She and her Assistant were very quick with the shots and clipping Arrow and Ozzie's nails. Thank you for all your great work. I would highly recommend this Clinic to anyone who is looking:)
Elizabeth	5/16/2016	5	Dr. Sharkey and staff are kind, competent, and caring. The prices are reasonable, and they just love our pets!

Anne	5/11/2016	5	My Molly (canine) loves Dr. Steve Sharkey. She actually gets excited when we are driving over to the clinic for an appointment & eagerly dashes through the doorway. Dr. Sharkey gives her lots of hugs, & Molly reciprocates with lots of kisses. He was so supportive of me through the cancer diagnosis of my previous dog, Katie. He's also an excellent surgeon, having had to amputate Katie's leg for soft-tissue cancerous tumors. I have the utmost confidence in him, and I also appreciate that his prices are affordable.
Anon	5/11/2016	4	The waiting room is a bit small. I had my large dog, a woman had her medium - large dog, and a man had a small dog. Another person tried to come in with their large dog but wasn't best. So they kept their dog outside until one of us were done/gone. Other than that. the staff were amazing!!
Sharon	5/11/2016	5	I appreciate Dr. Sharkey and his staff being so gentle with my normally very anxious and shy guy.
Julianne	5/7/2016	5	Good experience for my cat.
Lisa	5/5/2016	5	Thanks for seeing us on short notice! Love the home like atmosphere!
Megan	5/5/2016	5	Very happy so far. Friendly, loving, and smart.
Anon	5/5/2016	5	Always a very positive experience, thoughtful staff & prompt interactions. I like the ability to confirm appointments via Text however, there is also an automated email & phone call. This seems a bit redundant. Thanks for all your personalized care for my Senior dog Taylor!! LAS
Wyatt	4/26/2016	5	Excellent customer service. The veterinarian was very informative on the shots he was receiving and made myself and the pup feel comfortable in the treatment room.
Jacquelen	4/25/2016	5	First visit to Montclair vet was a wellness checkup. Erica was pleseant and helpful with each interaction. Dr. S Sharkey was very attentive and sweet to my small dog. They were clearly very busy as an ER had come in, but the team still have us their full attention.
Savannah	4/22/2016	5	They take great care of my dogs, and remember who they are and they're needs/age, and they don't up charge.
Dan	4/22/2016	5	I love the experience that both I and the dogs have. The staff is pretty awesome, Vet (Steve) only one I have dealt with is great. Even when my dogs are having a bad day they are dealt with respect and care.
Anon	4/21/2016	5	No wait for scheduled appt. Very kind & friendly staff & doctor. Dr. Sharkey explained my dog's diagnosis & treatment plan very thoroughly and professionally!
David	4/21/2016	5	Steve is an outstanding Vet. I really love this clinic and feel that I have found a great place for my dog's care. The entire staff are knowledgeable, caring and competent. There is much more personal attention instead of the larger, colder clinics.

Anon	4/12/2016	5	Excellent service , as always the folks at Montclair are the best !!! I love this clinic Dr. Steve has such a great personality and his ability to contact with the animals as well as the owners is amazing. Yvette	4/11/2016	5	
Martha	4/11/2016	5	these folks are so wonderful you almost hate to tell the world about them. Like a favorite fishing spot, you want to keep them for yourself. they really care about their patients, and their patients' people. Treatment and options are clearly explained. And costs are very reasonable. Over the years I've had experiences with other vet clinics for a number of reasons, and Montclair is the best.
Brian & Virginia	4/11/2016	5	Doctor Sharkey is our dogs' favorite person to go visit. He's caring, informational, and always gives us the best service for our dogs. I can't recommend this place more.
Arielle	4/5/2016	5	The staff here are always prompt and courteous! I took my cat to see Dr. Sharkey because I'm thinking about adopting a kitten and wanted to make sure my cat was healthy first. Not only did she examine my cat and administer her shots, but she also gave me advice about the new kitten and how to integrate her into the household with my cat. I thought that was above and beyond and really appreciated the advice! I will continue to come here with BOTH cats in the future.
Jenn	4/3/2016	5	Thank you for being so great with our Lab!!
Lowell	4/2/2016	5	The entire staff is excellent and their knowledge is superb. We are very pleased with the outcome. Boris says thanks. (I know he doesn't like cat carriers) Hopefully we can get his bowl blockage moving.. Thank you, Lowell Adams & Robert seidl
Jacueline	4/1/2016	4	The staff was friendly and showed genuine care for my four legged fur babies. The wait to see the doctor was minimal. They were able to squeeze in a wellness appointment for my cat in the same time slot as my dog. So convenient for me.
Anon	3/30/2016	5	Everyone is kind, patient, very knowledgable. Explained everything to me. So glad the Sharkeys are the new vets.

Courtney	3/22/2016	5	Montclair Animal Clinic has been so supportive and understanding of my shy dog. Thank you! Keep up the good work!

Betsy	3/16/2016	5	Very caring staff. The clinic is not fancy but clean and comfortable. The vet, Dr Steve Sharkey, clearly is knowledgeable and listened to my concerns. The price was fair. We plan on recommending this clinic to our family members.
James	3/15/2016	5	As always, Dr. Sharky goes above and beyond for my two labs Gray Skye and Kali. He always take very special care of them and they always look forward to seeing everyone there. Worth the 1 and 15 min drive one way from eastern CO.
Kaelen	3/15/2016	5	Montclair Animal Clinic rescued my cat, Monster, from the brink of death after a becoming very sick. Dr. Sharkey was honest about the prospects for my cat he and was very thorough in explaining my cats health issues and what was needed for her care. I even got after hour phone calls with detailed updates on Monster while she stayed at the clinic. Wouldn't go anyplace else for any of my pets needs.
David	3/13/2016	5	Flawless from beginning to end. Exemplary staff. I can't thank you enough. Congrats to Tammy too! The fact that you provide such excellent care at a reasonable price was icing on the cake.
Dan & Nadia	3/12/2016	5	Great visit - did not have to wait long until we were seen. Front desk was very friendly and helpful. The vet was very warm and friendly both with myself and our pet . I felt that the vet was very honest about the care my pet needed and what he didn't necessarily need, which I greatly appreciate . Great vet practice.
Anon	3/6/2016	5	Montclair animal clinic truly care about my dog and his well being. I also like that they are willing to take the time to explain everything to me in a way that I understand and feel comfortable continuing at home. They also have very reasonable pricing for their services.
Anon	3/6/2016	5	Very helpful
Lisa	2/29/2016	5	Everyone here is very kind and caring, the facility is well kept and clean, the cost is very reasonable. The entire staff is always very attentive and accommodating, kind and sincere to both owners and their furry family. So sensitive and supportive when my older manx had to be euthanized in January during a very difficult time, they are also treat my other manx. Both times i have had to leave her there they have been in touch with me to let me know how she was doing, and asked how i was doing too. One of the techs even groomed her while she was there (Blanca and i thank you), i know she was well cared for and monitored when she had to stay several hours. First rate staff & first rate Drs Steve and Tina Sharkey, also Dr Neil Tenzer who was filling in Jan 22.
Janeen	2/26/2016	5	We were able to get in when I called. The doctor took good care of Gracie and her sore paw. Then checked her over and she is doing fine. Great clinic , really cares for their patients and does a wonderful job! :-)

Lisa	2/25/2016	4	First time visit. It went well except my cat freaked out. The Doctor had some good ideas to make the next visit a little better. I liked that the Doctor read all of her paperwork from DDFL. I wish I received more advice as to stop her from eating materials.
Terese	2/20/2016	4	Excellent! (Only down side was being called in late for my appointment time) The vet is very kind, caring, tolerant & didn't subject my large dogs to being lifted up in the table - he went down to them.
Nancy	2/18/2016	5	Montclair Animal Clinic is great. I've only been once, but the time and care/concern they showed for my cat was exceptional. They are truly concerned about your pet's well being. I felt like they treated my cat like she was their own pet. I will definitely go back and will recommend them to everyone.
Brian	2/17/2016	5	Fast service, very friendly, accommodating people.

Anon	1/21/2016	5	Pleasant caring loving staff.
Mary	1/20/2016	5	Kind, caring, and knowledgeable. I really like that they provide excellent care, but they don't go overboard with tests as we don't have the resources to run every test imaginable.
Mary	1/17/2016	5	Very pleasant experience. Staff was caring, friendly and knowledgeable.

Linda	1/10/2016	5	Awesome clinic. Great staff and very caring about your animal.

Jeni	12/30/2015	5	Very loving and thorough Dr. Zoey was treated very well and he gave a lot of advice for me and my pup. With many options, I made a good decision going to this vet.
Beth	12/30/2015	5	I just came to have our cat clipped but was able weigh our dog. This time the assistants did the cat's nails. They were efficient and careful. I am always amazed that they can handle our "cat from hell" so gently. As for Dr Sharkey, he is "the vet from heaven." He has saved our dog! He always shows care and concern about the animals and he actually turns our cat into a pussy cat, at least in the office. If you want a vet who knows his business and treats each pet like they are the best in the world, go to Montclair. The staff rates just as high!!
Kirstin	12/30/2015	5	Montclair wasn't my usual vet, but they are now. I was concerned about my puppy and my usual pet couldn't take me for a couple days and Montclair got me in just an hour and a half after I called, regardless of them being booked. They made my dog feel beyond comfortable, as well as myself. I won't take my dog or my cats anywhere else from now on. From the second I walked through the door to the second I left I felt the compassion, patience and skill from the entire team.
Anon	12/30/2015	5	I was very happy with how my dog was treated and the exam my dog received. It was our first time and we are now Montclair lovers.
Cindy	12/30/2015	5	Dr. Sharkey is very knowledgeable, supportive and caring. Charlie and I are so appreciative of all the staff. He couldn't be in better hands.
Marjorie	12/26/2015	5	Wonderful place- for both my old dog and new puppy- vety thorough and kind
Anon	12/23/2015	5	As always you are wonderful in taking care of my sweet doggie.
Courtney	12/22/2015	5	Thank you for being so patient with Maci. We will come by to visit. Fantastic!! Always, always, always great. The staff are extremely caring and the Dr is the best. They genuinely care about us and our beloved pet.
Paul/Diana	12/20/2015	5	Dr Stephen Sharkey is a very compassionate vet. He goes out of his way to make our pets visits as comfortable as possible. He helps us to understand their treatments and takes his time explaining their health needs. I highly recommend him!
Anon	12/20/2015	5	Dr Steve is always thorough, attentive & sympathetic. Willing to repeat complicated treatments/diagnosis so I can learn.
Anon	12/18/2015	5	We love Montclair Animal Clinic and our pet does too! Both Dr. Sharkey's are extremely attentive, knowledgeable and compassionate with all the furry creatures who walk through their doors. Excellent staff, very friendly. I recommend this place to everyone and even if we moved from our East Montclair neighborhood, we'd keep Montclair Animal Clinic as our vet. I can't imagine going anywhere else.

Sheri	12/18/2015	5	Love this office, the staff and the Sharky's. We know our family is getting the very best care. Thank you for your care.
Anon	12/18/2015	5	Montclair has the most caring people working there. When the moment calls for it they're fun, sympathetic, and even loving towards every animal as if it were their own. My family has brought all five of our pets there and we wouldn't go anywhere else
